2021 Prep Enrolments ENROL NOW

Please enrol by September 1st 2020

To be enrolled for school, children must turn 5 years old by the 30th April, 2021

- We will be accepting all children that currently reside in our zone
- We will be accepting brother and sisters of children currently attending the school.
- We will not be able to guarantee places for brothers and sisters of families living outside the area if they haven't been enrolled by the 1st of September.

COVID-19 Concerns

In the current climate we are all a little uncertain of the future and may be struggling to look and plan ahead. One thing we are certain of is that children will need to be enrolled at school in 2021. It would help us if you can complete the enrolment now so we can plan for the anticipated numbers.

Difficulties accessing and filling out the enrolment form

If you are unable to access the form from the school website we have a few alternatives that might assist:

- Ring the school on 9308 1228 and we will arrange to either email or mail the form to you
- Visit the school and collect a form from the front foyer (No contact required)
- Forms can be scanned and emailed back to the school or dropped off in the collection box in the front foyer.

Will my child be ready for school?

You may be concerned that your children might not be ready for school because they have missed out on Kindergarten due to COVID-19. The school will have strategies in place to support your child next year. The Prep teachers will assess the needs of all children and start work at their point of need. Research suggests there are limited benefits for children repeating a year level. They perform best when they remain with their peers in the age appropriate level.

Visit our website for enrolment forms and more information about our school
