WORKING WITH CHILDREN CHECK – VOLUNTEER

Dear Families,

As from the start of 2018 everyone who volunteers at Craigieburn Primary School will need a valid Volunteer Working with Children Check. We really appreciate our volunteers and hope that the need to get a Volunteer Working with Children Check will not stop you from helping.

Legislation was changed earlier this year in regard to the Working with Children Check and people who volunteer with children. School Council reviewed all changes and it was decided that in a school there were too many grey areas that were no longer covered by the clause that previously excluded our parents from needing a check.

I have attached a sheet explaining how to apply for a Volunteer Working with Children Check.

The application is a straight forward procedure, however should you require help please come into the office on either a Monday or Friday and the ladies will help you. You will need to bring the documents as explained in the attached sheet with you. You will also need a current email address.

You will be required to carry your card when helping at the school.

Thank you for your understanding in this matter.

Yours sincerely,

David Naismith
Principal
